**"Never worry about numbers. Help one at a time, and always start with those nearest you."**

In western society somehow supersized everything supersedes quality. We are gluttonous and greedy. Mother Teresa invites us to forget about quantity and start focusing on changing the world one person at a time - in our families. Instead of hoping to reach the largest audience on social media, put down your phone and talk to your child who may have had a rough day at school. Mother Teresa provided these pearls for us to refocus our time, thoughts, and choices back to our family. Let us pray with and for them, grow in patient resolve to serve them, guide them and model sacrificial love to them.
