

We NEED your help!

Let us start by saying THANK YOU for your generous support of our past Capital Campaign of 2016-2019. As you can imagine, essentially all the money raised via that campaign has been used to support our great schools in the Bosco Catholic School System:

- Continue to pay competitive wages and benefits to our educators
- Make regular needed facilities upkeep and improvements
- Invest in professional development and update our instructional materials
- Provide a 1:1 technology program for all 6th -12th grade students to enhance their classroom learning to prepare them for today's fast-paced, technology driven world
- Campus improvements in heating & cooling, lighting, electrical, plumbing and windows
- New vehicles to replace our aging fleet of vans and busses

One of the suggestions from many who contributed to the campaign was that we do something different so we would not have to have a special fund-raiser every few years. We listened and in 2020 we launched our Annual Appeal "Salesian Call" with the goal of raising \$500,000.00 per year by 2025. In our first year of this annual appeal, we raised our first-year goal of \$250,000.00 so we got off to a great start. If we are to support our schools without having to have a Capital Campaign every few years, we simply must have a strong commitment from everyone to support the Annual Appeal "Salesian Call" every year as a part of your sustained giving process.

Tuition DOES NOT cover the cost of educating a student. In fact, tuition covers LESS THAN HALF the cost of running our school system annually. Even with assistance from Parishes, Endowments, Tuition Assistance Programs, and other fundraisers, we are short of what is needed to operate our vibrant campus, so We Need Your Help!!

Please consider setting up a monthly contribution to save the hassle of sending in a regular payment by setting up an automatic payment by visiting www.BoscoCatholic.org, then clicking on Donate Today. We have now linked the Salesian Call annual appeal to the fiscal calendar year of the Bosco Catholic School System (July 1 to June 30), so any contributions prior to June 30th would be much appreciated.

If you have any questions regarding the appeal, please reach out to our Development Director, Chris Kangas, at Don Bosco High School, 319-296-1692, ext. 1108.

Thank You to all of you for your continuing support and for your prayers for the ongoing success of our great Bosco Catholic School System. God Bless!
